

APPLICATION FOR PI MU EPSILON NATIONAL MATHEMATICS HONOR SOCIETY

DEADLINE DATE: FRIDAY, JANUARY 28, 2005

Return to the Department of Mathematics, UH 2040, or to Dr. Ivie Stein, Jr., UH 2020C.
Phone Numbers: (419) 530-2994, 530-2568, and 530-2232.
E-mail: ivie.stein@utoledo.edu, istein@math.utoledo.edu

Information needed for membership:

Name: _____
(Give your name as it should appear on the certificate.)

Address: _____
(Permanent mailing address for *Pi Mu Epsilon Journal*.)

College and Department: _____

Year of Graduation: _____ Student ID #: _____

Local address and phone number: _____

Will this address be the same next year? _____

E-mail address: _____

For regular and associate membership, an initiation fee of \$24.00 is required for the certificate and one year's subscription to the journal. Please make checks or money orders payable to Pi Mu Epsilon. Return payment to the Mathematics Department Office, UH 2040. The Pi Mu Epsilon Official Pin is available for an additional \$20.00.

For regular membership (undergraduate and graduate students), please give the following information:

General GPA: _____ GPA in Mathematics: _____

Math courses taken and grades: _____

**MEMBERSHIP REQUIREMENTS FOR
PI MU EPSILON NATIONAL MATHEMATICS HONOR SOCIETY
2005**

(Includes changes in national constitution and bylaws adopted August 8, 1989)

Ohio Gamma Chapter at The University of Toledo

Adviser: Dr. Ivie Stein, Jr., UH2020C, Mathematics Department, Mail Stop 942, 2801 W. Bancroft St., The University of Toledo, Toledo, OH 43606-3390. Phones: (419) 530-2994, 530-2568, and 530-2232. E-mail: ivie.stein@utoledo.edu.

Chapter Requirements at The University of Toledo:

1. Undergraduate candidates must have a general point average of 3.0 and an average of 3.5 in mathematics.
2. Candidates must have completed a course in mathematics beyond one year of calculus.
3. Graduate students must either qualify on the basis of their undergraduate record or must have completed 9 hours of graduate mathematics with an average of at least 3.3.

Minimum Qualifications for Regular Membership:

Persons meeting any one of the following five sets of qualifications may be elected to membership by a chapter, irrespective of sex, religion, race or national origin:

1. Undergraduate students who have had at least 2 years of college mathematics including calculus, who have completed their mathematical work with honor (at least B average), and who are in the top one-third of their class in their general college work.
2. Sophomores who are majoring or intend to major in math, who have completed at least 3 semesters (4 quarters) of college math including 1 year of calculus, who have achieved a straight A record in all math courses taken, and who are in the top quarter of their class in their general college work.
3. Graduate students whose mathematical work is at least equivalent to that required of undergraduates, and who have maintained at least a B average in mathematics during their last school year prior to their election.
4. Members of the faculty in mathematics or related subjects.
5. Persons who have achieved distinction in a mathematical science.

Minimum Qualifications for Affiliate Membership:

Persons with the following qualifications may be elected to affiliate membership by an affiliate chapter:

1. The initiate must have completed a bachelor's degree including at least two years of college mathematics (2 semesters or 3 quarters of calculus), and have done the work with distinction.
2. The initiate should be engaged in work of a mathematical nature.

For regular and associate membership, an initiation fee of \$24.00 is required for the certificate and 1 year's subscription to the journal. An additional \$20.00 is needed for a Pi Mu Epsilon Official Pin (optional). For regular membership (undergrad and graduate students), the following is needed: general grade point average, grade point average in math, and calculus courses taken with grades. *Please make checks payable to Pi Mu Epsilon.*
