

## PARKING INFORMATION

We have arranged parking for the meeting. If you park in [Area 10](#), you will **NOT** need to register your car and there is no charge for parking in this area. The parking is reserved for the meeting from 9:00 am to 10:00 pm on Friday and from 7:00 am to 5:00 pm on Saturday. You will need to park in a space marked with white lines except for handicapped parking. For handicapped parking, you will still need to display your handicapped placard.

If you want to park in any other parking area on campus, you **WILL** need to [register your car](#) and pay a total of \$5.00 for both days. In order to register your car, a guest account must be created at the link above in order to purchase a guest permit. The guest permit is digital and there is nothing to display in your car. Payment for a guest permit may be made with a credit card, e-check, or e-savings. Parking Services is unable to refund guest permits; nor can they change the dates. Your guest permit will allow you to park in any parking area with signage displaying Permit C parking and you will need to park in a space marked with white lines. **Your guest permit will not allow you to park in a metered space. Metered parking is not recommended. Metered parking is intended for short term parking on campus.** If you need handicapped parking, you will need to indicate this when you register for the guest permit. Handicapped parking will allow you to park in any available handicapped space. You will still need to display your handicapped placard. When you register, if you choose a beginning date of October 15, 2021 and an ending date of October 16, 2021, your guest permit will be good from 12:00 am on October 15, 2021 to 11:59 pm on October 16, 2021 at a cost of \$5.00. [Tutorial](#) for purchasing a permit.
